I haven't wakeboarded before do you give lessons, and how do I get started?

The best option is to book water ski or wakeboard lessons with us. We tailor each lesson to individual needs. After a chat about your confidence levels and experience, we can either get you straight onto a wakeboard behind the boat or attach you to our training bar. The bar extends from the boat's side and helps you to stand.

How long is a session?

Durations vary depending on whether you book a lesson or a standard tow. A class is 20 minutes. Whereas a tow is 10 minutes. If you wish to extend either, you can.

What should I bring with me?

We will provide all the necessary equipment, but you should bring: Swim gear to wear, a towel, water-resistant sun cream, drinking water, and Flip Flops or beach shoes for the hot sand

Can I just turn up or do I have to book?

It is definitely better to book as are extremely busy, especially in summer. To book just give us a quick call, email or chat us on Facebook. **You can also use Whatsapp or Text/SMS to schedule your booking on +357 96 603 611**

Is wakeboarding child friendly?

How young can kids start?

Indeed it is. Children as young as 3 years old can learn to ski using our unique platform trainer that leaves from the beach's shore. This year our youngest ever student at 5 years old learned to wakeboard in just one session.

Can my family and friends come too?

Family and friends can come as passengers on the boat. We ask there be no more than five (incl. the skier) to ensure there is enough room for the instructor to safely manoeuvre around the boat.
